

Candlelight Vigil and

Meditation on Peace

September 23, 2005; 7:00–8:15 pm

Let us join together to

CULTIVATE peace, wisdom and compassion in our hearts and minds.

REFLECT on the interconnectedness of all beings.

PRACTICE nonviolence and generate loving kindness during this time of war, anger and mistrust.

REMEMBER all those in Iraq, Afghanistan and around the world who have died, are still suffering, or are being asked to perpetuate violence and unjust policies.

ALL ARE WELCOME! A special welcome to those coming from out of town and participating in the weekend's events.
